About the Wine Tasting

For ten years Libations Wine & Spirits has hosted a wine tasting to benefit Boys Hope Girls Hope of Colorado. In 2007, thirty-three distributors provided over 150 wines, Belgian and specialty beers. Also featured were high-end sakes. Nine restaurants provided food, ranging from Indian to steakhouse specialties. Expected attendance is 500 people, including the Boys Hope Girls Hope. Wine tasters include customers of Libations Wine and Spirits and Boys Hope Girls Hope supporters.

About Boys Hope Girls Hope of Colorado

Boys Hope Girls Hope helps academically capable and motivated children-in-need to meet their full potential and become men and women for others by providing value-centered, family-like homes, opportunities and education through college.

Boys Hope Girls Hope provides resources, opportunities and support to Denver's disadvantaged children at risk from exposure to drug abuse, poverty or neglect in their homes or communities. As a resource to families who are unable to meet their child's needs, Boys Hope Girls Hope partners provides a comprehensive prevention alternative, offering a long-term continuum of support to equip each child with the tools, opportunity and access they need to attend college. Each scholar's success in a rigorous, competitive academic program is a cornerstone of this effort. Personalized academic support, one-on-one counseling, mentorship and a consistently safe and nurturing residential environment optimizes each scholar's ability to achieve their full potential and develop the skills necessary to be successful in college and in life.

Boys Hope Girls Hope of Colorado, at this time, has a program for boys and young men. A program for girls is being developed.
